MONIKA SINGH

+919243146635 2829monikasingh@gmail.com LinkedIn GitHub codolio Mohali, India

PROFESSIONAL SUMMARY

Strong understanding of C/C++ programming, data structures, and algorithms, with knowledge of operating systems concepts and memory management. Possess a basic understanding of databases and the software development lifecycle (SDLC). Demonstrates a problem-solving mindset with the ability to troubleshoot technical issues, along with good communication and teamwork skills.

EDUCATIONS

Chandigarh University | Mohali, Punjab — May 2023 - Present
Bachelor of Engineering in Computer Science — *CGPA: 8.67*

Chanakya Public School | Satna — *Percentage: 90.4%*
Intermediate (CBSE)

Chanakya Public School | Satna — *Percentage: 93%*
Matriculation (CBSE)

WORK EXPERIENCES

Web Development | Internship — Jun 2025 - Jul 2025
Skillcraft Technology — *Remote*

- **Developed responsive websites** utilizing **HTML, CSS, JavaScript, and Bootstrap**.
- **Executed user authentication and authorization features** using **JavaScript** and server-side logic, improving **data security** and enhancing **user experience** across web applications.

Technologies / Skills Used : *HTML, CSS, JavaScript, Bootstrap, React, Node.js, Express, MongoDB, Tailwind CSS*

Summer In-house Internship - Data Science | Internship — May 2025 - Jun 2025
Chandigarh University — *Remote*

- **Conducted data analysis and implemented machine learning** techniques using **Python**.
- **Created interactive data visualizations** with **Matplotlib** and **Seaborn**, improving the clarity of analytical results for project stakeholders.

Technologies / Skills Used : *Python, Matplotlib, Seaborn*

PROJECTS

GovAi - Complaint Management & Resolution System | △ Vercel Github — Oct 2025 - Apr 2026

- Built a **full-stack web application** for complaint registration, tracking, and management.
- Developed **RESTful APIs** using Node.js and Express.js for authentication and complaint CRUD operations.
- Integrated **MongoDB Atlas** for NoSQL data storage and persistent complaint management.
- Implemented **authentication, authorization, CORS, and environment-based configuration.**
- Deployed the application using **Vercel and Render** with Git/GitHub version control.

Technologies / Tools Used : *React, Node.js, Express, MongoDB, Tailwind CSS, TypeScript, REST APIs*

SyncMeet - Real-Time Video Conferencing Platform — Apr 2026 - Jun 2026

- *Built a* **real-time video conferencing application** using *React.js,* ***WebRTC,*** **Socket.IO**, *Node.js, Express.js, and MongoDB*, enabling peer-to-peer audio/video communication and participant management.
- *Implemented* **STUN/ICE signaling, SDP negotiation, ICE candidate exchange, screen sharing, and real-time chat** using WebRTC, Socket.IO, and browser MediaDevices APIs.
- *Developed* meeting **history tracking** and secure authentication using ***Axios, bcrypt, and token-based access control***, with persistent user and meeting data in MongoDB.

Technologies / Tools Used : *WebRTC, STUN, SDP, ICE, bcrypt, Socket.IO, Axios, Context API, JavaScript, Material UI, React Router*

SKILLS

Programming Languages :	C, C++, Java, Python, HTML
Frameworks & Libraries :	Tailwind CSS, React, React Native, JavaScript, TypeScript
Tools & Platforms :	Visual Studio Code, Git, GitHub, Jest
Databases :	SQL, NoSQL
Soft Skills :	Problem-solving, Communication, Teamwork
Languages :	English, Hindi

CERTIFICATIONS

Cloud Computing - NPTEL Online Certification | 2025

- Studied **cloud architecture**, **virtualization**, **distributed systems**, and **scalable application deployment**.

Project Expo 2025 (Phase 3) - Chandigarh University | 2025

- Validated full-stack development skills through the VibeFlow music player project, featuring **music streaming** and **secure media upload** functionality.

Tekathon 4.0 – Internal Hackathon of Smart India Hackathon (SIH) - Chandigarh University | 2025

- Participated in an internal hackathon focused on innovation and problem-solving

INVOLVEMENT

Volunteering
IEEE Computational Intelligence

- **Contributed** to **IEEE Computational Intelligence** by assisting in **event coordination**, facilitating technical activities, and enhancing **community engagement**.

Class Representative — 4th and 5th semester(B.E.)
Chandigarh University

- **Coordinated class activities** and enhanced **communication** between students and faculty.
- **Organized** academic and extracurricular events to promote engagement.
